A scout dog, used to track down bandits in Malaya, is hoisted aboard a British naval helicopter after completing a mission in the dense

jungle. Handlers claim the highly-trained dogs take easily to flight and come willingly for the lift to hovering helicopters.

(From Our Own Correspondent)

LABOR DAY HOLIDAY, MONDAY, SEPTEMBER 17TH

This year, as usual, the Labor Day holiday will be celebrated throughout Canada on the first Monday in September.

This year it is September 7, and all offices and places of business in Didsbury will be closed.

We would appreciate it, greatly, if advertisers arranged to have their copy in early and if our correspondents could arrange to send their news budgets in a day earlier.

Letter To The Editor

Dear Sir:

There seems to be a rumor circulating in the Didsbury School District to the effect that only four Grade XII students passed this year.

I am at a loss to know how this information originates since I hold the only copy of official results, but a similar situation exists every year.

This year there were nine students who passed everything they wrote. Out of all papers written 76 per cent received passing grades.

If you wish to verify these results call me at any time.

Very truly yours,
E. T. WIGGINS, Principal.

Provincial W.C.T.U. Holds Convention At Bible College

The Didsbury W.C.T.U. had the happy privilege of being hostess to the ladies of the provincial executive with their delegates for three days, August 24 to 27. The convention for the province was held in Mountain View Bible College and in the Evangelical Church.

Mrs. R. W. Short, president of the province, led the convention most successfully, and all felt that an unusually fine spirit was evidenced as the ladies approached the problems of their society.

It is to be noted that the leaders of this convention are women of keen vision and knowledge of the task before them. They are educationally fitted to approach the question of alcoholic beverages, and are intensely alert to the trend of the times as cocktail bars and parlors are present to the young people of the day, temptations such as previous generations have not known.

These women are interested in international affairs as well as the inter-relationship of social and moral issues in every land today.

The routine business was handled with dispatch and dispensed with in true parliamentary fashion, so that the ladies were able to insert in their full agenda vital matters of interest to all who attended.

On Wednesday morning the convention was addressed by Mr. Baldwin, high school principal, Calgary. Mr. Baldwin reported to the ladies on the study of narcotics as carried on in the University of Saskatchewan, school teachers, ministers and others come to learn the scientific facts concerning the menace of the human race, alcoholic liquors.

This school has been carried on for four summers and is proving to give to teachers correct information which they may in turn use in teaching scientific temperance in the public schools of our land. He then introduced to the convention Dr. King, of Cornell, Iowa, college professor, and instructor each year in the Yale School of Alcoholic Studies. Qualified to speak with authority, Dr. King's lecture on "The Psychology of Drunkenness" has been widely used, 20,000 copies having been sold.

He evaluated the theory of moderation, saying: "When the blood contains no more than .05 per cent alcohol, an individual may be considered a moderate drinker." He went on to say that when that percentage is increased, he becomes a

Congratulations to Mr. and Mrs. Charles Topping on the birth of a son, Randolph Charles. Mrs. Topping and baby came home from hospital last week.

We are indeed proud of Mr. Bill Isager who was the winner in the tractor rodeo in Didsbury recently. Bill farms just east of the Westcott store.

More hail and heavy rain fell in this area again Monday. It was accompanied by a strong wind which shelled out the oats that were near ripe and flattened more of the crops that had escaped the ravages of the weather up till now.

An electrification meeting was held in the Westcott school last Friday night with a good attendance on hand to decide the issue of bringing electricity into this area. The majority of those present were favorable.

Mr. and Mrs. Herbert Goetjen and Leslie attended the surprise birthday party for Mrs. H. Papke in Didsbury on Sunday evening, last night. Mrs. Papke's eleven children were present, as were quite a number of her grandchildren.

Congratulations to Miss Deloyce Goetjen who received word from Ekville that her entire Grade IX class there had passed their examinations, two pupils with B's. This was her first year teaching Grade IX and she will return for her third year at the school shortly.

We are pleased to hear that Mr. John Jacobson is improving and plans are being made to have him to Calgary for further medical examination lately.

Dr. J. Dumouchel, Mr. Ken Card and Miss Elaine Goetjen, of Calgary, were dinner guests at the home of Mr. and Mrs. H. Goetjen Sunday night.

LABOR DAY

In its original conception, Labor Day was one set aside to honor the industrial worker and the achievements of trade unions. Today it is still marked officially only by organized labor. Everyone takes the day off but pay little attention to the significance of it.

Yet the day itself has a meaning for all of us. Trade unions themselves would be the first to acknowledge that the day of outright hostility between labor and management has ended; that narrow-mindedness on both sides has no place in the building of a greater Canada. And just as the factionalism of yesterday is outdated, so has the significance of Labor Day moved with the times.

On September 7th, every employed person in Canada, from the company president to the office boy, will be taking a holiday. It is these millions of people, whether they belong in the labor or the management sections of industry, who are contributing to the building of this country.

There lies the real meaning of Labor Day — Canadians, laboring to achieve a better, more prosperous Canada; a finer place in which to live and bring up their families. Let there be trade union parades and celebrations on September 7th, but let there also be a moment's reflection by all of us on the broader concept of labor in Canada — the creation by our own efforts of the kind of country we want our children to inherit.

By REV. C. C. ARMSTRONG

It is one of the purposes of this column to give information about important events in the life of the church. For many, the religious highlight of 1952 was the visit of Rev. Charles B. Templeton, and Mrs. Templeton, in Calgary. As evangelist and soloist respectively, they have thrilled and moved the hearts and minds of hundreds of thousands. Over 168,000 people came to the Templeton Missions at Calgary, Regina, Saskatoon and Winnipeg. Many felt that the mission at Calgary was all too short, and those who, to their own regret, delayed attending, wished it might be continued.

This year the Templeton Mission will be in Edmonton and thousands will attend. They will go to sing the songs of the Gospel of Salvation and the Love of God. They will hear the Gospel of God's redemption preached with compelling sincerity and spiritual power. They will come from hundreds of miles around because they consider it an event not to be missed. It is an adventure into the world of Christian truth and the reality of living. They gather together, from great distances, not to gaze at lordly mountains, not to marvel at the speed which chuck wagons can be driven around an oval track; not because it is a public spectacle, but

MEN AT WORK

Jobs for Canadians are more numerous than ever. Labor forces reached a record 5,515,000 workers at Mid-July, up 128,000 from June. Average weekly earnings are also rising — \$56.67 per week, 5.8% higher than last year.

because the Gospel is of immediate and direct concern in life. If religion is mere superstition, or an opiate to the masses, or optional, it makes little difference whether one attends such a mission as this. But if Christ is the answer and it is He who makes this claim upon our interest and support, in this mission, from September 6th to 20th.

The schedule of meetings is as follows:

Capitol Theatre, September 8 to 11, and 14 to 18, at 12:10 noon. These noon meetings were very popular in Calgary.

McDougall Church: Sunday, September 6 at 7:30 p.m.; Tuesday, through Friday, September 8 to 11, at 7:45 p.m.

Edmonton Gardens: Sunday the 12th to September 20, 7:45 p.m.

In this schedule of meetings, special provision is made for young people and for families. There are two nights for young people. The first of these is Friday, September 11, in McDougall Church, and the second is Friday, September 18, in the Edmonton Gardens, with both meetings at 7:45 p.m. Family night: young married couples and engaged couples, is Tuesday, September 16, at 7:45 p.m. in the Edmonton Gardens.

 CHEVROLET is the LEADER!**

1ST in Sales!
1ST in Value!
1ST in Demand!

Only one car can be the leader! Only one car can be the favorite! Only one car can be the most-sought, most-bought car in Canada! That car, year-in, year-out, is Chevrolet. In the first six months of 1953, according to the latest official registration figures, Canadians bought 41,660 Chevrolets. This is 12,401 more cars than were sold by its nearest competitor — dramatic proof of Canada's continuing preference for Chevrolets!

The tremendous popularity of Chevrolet means lower production costs. It means big savings that are passed on to you! And because Chevrolet value lasts, there are extra dollars for you when you trade in your Chevrolet, for Chevrolet consistently shows highest trade-in values of any car in Canada! Final proof of good value is the loyalty of Chevrolet drivers, a loyalty that grows stronger with every new year — with every great Chevrolet we build.

Although other cars are available, thousands of Canadians are waiting patiently to get their Chevrolet. No other car will do! Surely this is proof of Chevrolet's superiority . . . and its unchallenged place in the hearts of Canadian motorists.

The Straw Chopper: As farm lands of the North American continent deteriorate from long continuous cropping, it becomes more important to plow crop residue back into the soil. But turning under or disking in heavy residues has always been a tough job. Many farmers took the easier way and burned their straw, losing humus and valuable plant food.

Several implement manufacturers and specialty manufacturing firms are offering for sale straw choppers which mount on the rear of the combine and shred or chop the straw before spreading it on the ground. Commenting on the loss of nitrogen content in soils, the N. Dakota experiment station said organic structure is necessary for good soil structure, soil tilth and rapid intake of water — especially on heavy soils.

High organic matter content helps prevent compaction and puddling, and makes heavy soil workable and easy to cultivate. One farmer, commenting on the chopper, says he liked the way it reduced straw and weeds to small pieces and made an even blanket over the ground.

The weeds germinate more readily and uniformly, which is a factor in effective weed control. You may want to investigate the feasibility of installing a straw chopper on your combine before the busy harvest season gets into full swing.

W.C.T.U. Meeting

(Continued From Page One)
cause of highway crashes resulting in death and sorrow, is that of liquor. In strong denunciation of the traffic, Dr. Villett went on to state without reserve that the liquor traffic is the oldest outlaw the world has known. Hammurabi could not control it any more than can the governments of the present day.

It is anti-patriotic, anti-social, and can only be controlled as people who are Christian put on the armour of light, so graphically recorded by St. Paul. He made three suggestions: 1. That Christians in our churches put on the armour of light and take their stand against this traffic; 2. That the church be aroused to the sense of their responsibility; 3. That what the people need is to reassess their convictions concerning this menace.

Just a group of women? May be but they are the mothers of the boys who will be ensnared if they do not vigilantly put down the traffic. Some of the projects before them are: Medal contests wherein boys and girls recite temperance courses for Sunday school or day school; making posters illustrating the evils of the temperance traffic. Such efforts are nation-wide.

Miss Eleanor Lobb of Edmonton recited her selection, "The Vision Beautiful," for which she was awarded the diamond medal recently.

Some of the problems discussed included legislation and anti-gambling; Christian citizenship; social hygiene, medical temperance and anti-vice; international relations; jail and prison reform and Lord's Day observance.

These women deserve the respect and support of the public. Nine Alberta unions were represented here. Their banquet, served in the dining room of Mountain View Bible College, was addressed briefly by a summary of the different views of people in general regarding the liquor problem. Mayor Lynch-Staunton of Didsbury was the speaker. Rev. A. Frey, a minister, also spoke.

The activities of the convention challenged the women to greater endeavor in the coming year, and to more aggressive approach to their work in their different unions throughout the province. This organization should go far in its influence for good in the province, menace on our highways at once. He stood for total abstinence as the only sure way of security and safety. His message was most interesting and inspiring.

The W.C.T.U. encircles the globe in its varied activities. Its efforts in the field of social and moral reform, scientific research in alcoholic beverages and instruction to the small institution of this kind the world over, for no other group of individuals has such a large scope of activity.

On Wednesday evening, Dr. G. H. Villett, president of Alberta College, Edmonton, verified this conclusion in his splendid address on the subject, "The Armour of Light."

Dr. Villett graciously repeated the address to this community upon the request of this convention. He had previously addressed the World Convention of this organization held in Vancouver several weeks ago, to an audience of over 2,000 leaders and delegates in the work of W.C.T.U. activity in 68 countries of the world.

It was a masterpiece of interest and information. As he approached his subject on alcoholic beverage as a menace to society, he remarked: "How is it that human beings with an ordinary amount of common sense don't catch on?"

The devastating results of drink is flaunted before the eyes of the public continually, for the first

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Rev. and Mrs. Taylor, Misses Dorothy Stauffer and Joyce Burkholder returned from Edmonton on Monday, where they held the last of the summer evangelistic and D.V.B.S. schools. They report a most interesting summer, with much success, and many contacts for the college in the future. Weary? Oh yes, but quite happy in what has been accomplished and in the fact that they can now relax somewhat.

The new Deep Freeze has been installed. Arthur Eby has made it — securing the necessary units and making it the size that a school should have. The problem is to find the best place possible for it. This winter students will have frozen foods, as though it came from the garden. Mrs. Habermehl is busy preparing the produce for it. The Alumni Association of the College has made possible this fine addition to our kitchen.

Two more sections of cupboards have been added to the kitchen equipment. These still need to be installed and finished. An immense amount of cupboard space has been secured in this way, and the cook will find her work lighter as a consequence.

We have had word from three of our last year graduates who have taken work in Christian service since then. Miss Iris Schladt, R.N., is on her way to India, somewhere on the Atlantic, or perhaps England by this time, and Misses Jean Plun and Jean Burkholder, who are missionaries to the Indians, 14 miles west of Nordegg. Many of our graduates are today on foreign soil or on pastures on the home fields of Christian work.

The Stroud house has been added to the College property. We are very happy to have been able to secure a small house so near the campus. It is essential that the College secure sufficient property to fit staff so that none of them need live so far from their work.

Much work is yet to be done on the campus and in the buildings. Should there be those, who as in former years want to help prepare the college for occupancy, we would be glad to have you contact either Art Eby or Mrs. Habermehl concerning it, or the president, who will now be on the campus.

Mr. Eby has been putting in days of labor the past few weeks and we will miss him. He has gone to Acadia Valley to assist his son in the harvest there.

BUFFET DINNER

A buffet dinner was enjoyed on the lawn at the home of Mr. and Mrs. Emmor Tuggle on Sunday, August 23.

Guests of honor were Mr. and Mrs. A. Whele, of Los Angeles, Calif., who are here on a short visit. Mrs. Whele is a sister of the Tuggle brothers.

Those present included: Mr. and Mrs. Jess Tuggle, Mr. Norman Tuggle, Mr. Myrt Stringer, Mr. and Mrs. Tony Spooner and family, Mr. and Mrs. Burr Tuggle and Linda, Mr. and Mrs. Jay Tuggle and family, Mr. and Mrs. E. Dippel and family, Mrs. Blanche Perron, Mr. and Mrs. R. Marbach and Doug and Mr. and Mrs. Raymond Shantz.

WEDDINGS

SCHUMAKER — McCULLOCH
Before an altar banked with gladioli, a beautiful wedding was solemnized at Redeemer Lutheran Church, Didsbury, on the afternoon of Friday, August 21, when Jessie May, youngest daughter of Mr. and Mrs. R. Teynor, was united in marriage to the bridegroom, Mr. Stanley Phillip Schumaker, son of Mr. and Mrs. Pete Schumaker, all of Didsbury. Rev. Fox performed the ceremony, while Mrs. Fox supplied the wedding music.

The bride, who was given in marriage by her father, looked charming in a beautiful gown of white tulle and lace. The lace bodice featured a tiny collar, buttons down the front and lily print sleeves. The skirt was a very bouffant with tiers of lace and tulle frosted with lace. Her veil cascaded from a coronet style bridal halo. She carried a white Bible with red rosebuds and white ribbon streamers.

The bride was attended by her sister, Mrs. Hugh Elliott, as matron of honor, who was tastefully attired in a long dress of pale blue taffeta with matching fingertip veil and mits and who carried a bouquet of red carnations.

The bridesmaid, Miss Lois Sheila, wore a dress of pink brocade taffeta with full net skirt, pink fingertip veil, matching mits and carried a corsage of pink carnations.

Little Karen Brander, flower girl, was dressed in a lilac taffeta gown with net trimmed fingertip veil. She carried a basket of mauve sweet peas and baby's breath.

Mr. Reg Schumaker, twin brother of the groom, and Mr. Arnold McCulloch, cousin of the bride, attended the groom. Ushers were Leslie Schumaker and Del Fulkert.

During the signing of the register Mrs. Arnold McCulloch sang "I'll Walk Beside You."

The reception for about 100 guests was held in the church basement. Guests were received by the bride's mother, who looked charming in a navy blue sheer nylon dress trimmed with white cut velvet. The mother of the groom chose a navy blue and rose crepe dress with lace accessories.

Rev. Fox, who acted as toastmaster, proposed the toast to the bride, to which the groom fittingly responded.

Following the wedding "open house" was held at the home of the bride's parents, where many beautiful gifts were displayed. This was followed by a wedding dance at Lone Pine Hall.

Following the activities the young couple donned matching grey suits and embarked on a honeymoon to Banff, the west coast and various points in the U.S. On their return they will reside at Lacombe.
